AWZ8677 CONDENSER DRYER

MODEL NO.

AWZ 8677

Application:

6th sense drying system-6th sense patented technology automatically adjusts the best drying cycle to provide optimal dryness and the best care with the least energy consumed.

Diagonal air flow-the unique diagonal airflow comes in at a specially designed angle that carries the clothes to follow a longer trajectory. The diagonal airflow gives an even distribution to the laundry and keeps clothes from pilling up and creasing at the front of the drum.

Better condensation efficiency gentle drying-condenser dryer carries two distinct flows of cold and warm air. A powerful air stream together with the advanced condenser reduce the internal working temperature by 10 °C during operation, and dry the laundry gently.

Features:

- Adjustable temperature: cold to 90 °C
